Juan Cabral - jbc.develop@gmail.com

Jan, 2018

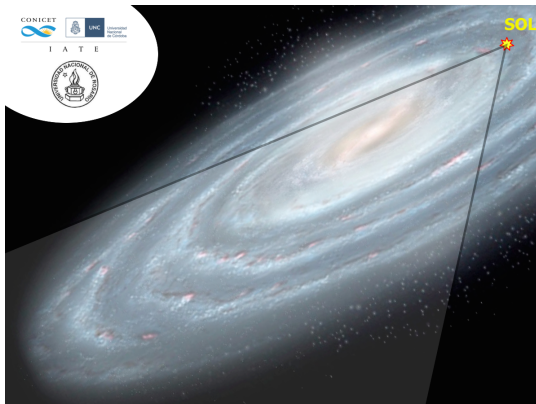

My name is Juan

- ▶ I'm software engineer.
- ▶ I'm from Córdoba.
- ▶ My english is bad and I never give a talk in Shakespeare language, (this will be fun).

What i do?

- ▶ My Phd is in artificial intelligence for astrophysics.
- ▶ I work with REALLY big databases ($> 1\text{PB}$)

My Interests

- ▶ I one of the founders SciPy Latin America.
- ▶ I made tree big conferences in Python Argentina (> 200 assistants)
- ▶ OpenSource is my way to do science.
- ▶ I like decision theory.
- ▶ And i'm clueless about Experimental economy.

My history with Experimental economy.

- ▶ I working as core developer on oTree for 3 years.
- ▶ I made more than 12 experiments in oTree (only 1 was a total failure).
- ▶ And i am here today
